Reviews

This is basically the finest publication i actually have go through till now. We have read and i also am confident that i am going to likely to read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

Meyer & Meyer Fachverlag Sep 2012, 2012. Taschenbuch. Book Condition: Neu. 24x16.5x cm. Neuware - Healthy Intelligent Training is for all serious middle distance athletes and coaches. It is based on the proven principles of New Zealand's Arthur Lydiard, the Runner's World 'Coach of the Century', who trained a motley band of neighborhood kids into feared Olympic medalists, and kept on doing it, around the world. These principles have since guided athletes from many nations to world records and Olympic Gold medals. Now you can plan your own campaigns, and understand exactly what you're doing at every step. This book can be used and understood by everyone. A former national-level runner and race winner over track, cross-country, and road in New Zealand and Australia, Dr. Livingstone, a coach and chiropractor, has joined forces with fellow enthusiasts, Olympic-level coaches, and Olympic medalists to provide a simple, logical template for you to plan your own winning programs. You'll be taken through each successive layer of the training pyramid, and understand what type of work fits in at each level leading to peak performance. You will understand the physiology very clearly and simply so that you will know which workouts will help, and which will hinder. 280 pp. Englisch.
